REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Chesterfield:

I herewith submit to you my first annual report as superintendent of schools.

My active interest and work for the district began early in August although not officially until September 1. A good deal of my time has been taken up with reports of various kinds and with getting acquainted with local conditions, both financial and educational.

The schools opened September 7 with the exception of the Spofford school, which opened on the 13th, with the following teachers.

School	Teacher	No Pupils	Present Enrollment
Chesterfield Primary,	Elvira Lawrence,	18	13
Chesterfield Advanced,	Imogene Lawrence,	9	18
West Chester. Primary,	Alice Plimpton,	17	17
West Chester. Advanced,	Emma Reed,	12	15
	(Lois Pierce)		
Spofford Primary	Madge Elwell,	11	
Spofford Advanced,	Mae Sanders,	8	
	(Mary Montgomery),		16
Total enrollment to date this year,			82

It has been necessary to make a change at Spofford. By removal and other reasons there were left on December 17, 17 pupils. The State Deputy Commissioner, Mr. Pringle, recommended that one teacher could and should handle this number of pupils and he further stated that no state aid could be granted for more than one teacher. By following this recommendation a saving of $418, with an additional amount for fuel could be made for the District.

The entire School Board was reluctant to make the change, fearing detriment to the welfare of the children of Spofford. The members finally decided to follow the advice of the Deputy and were influenced principally by the following things:

1. It is an established fact that one teacher can handle efficiently a school of 18 or 20 pupils.

2. No state aid was available for more than one teacher for this number of pupils.

3. Without state aid a deficiency appropriation would be needed.

4. A deficiency appropriation will have to be asked for high school tuition, there being more pupils attending high school than was expected.

In view of these four reasons and other minor ones, action to discharge the two teachers was taken. They were replaced by Miss Mary Montgomery, a woman of considerable experience in teaching. Too much cannot be said in praise of the fine spirit in which the parents and pupils of Spofford accepted the situation. The work of Mrs. Sanders and Miss Elwell was in no way responsible for the change. In fact both

are to be complimented for their work and acceptance of the decision to rupture the contracts by mutual agreement.

At West Chesterfield, Mrs. Emma Reed, for family reasons, found it necessary to resign and concluded her duties very creditably on Dec. 17. Miss Lois Pierce, a teacher of some experience has taken her place. It is hoped that no further changes in the teaching force will be necessary this year.

No new books of any consequence have been purchased. The present ones being supplemented by new copies where absolutely necessary. The stock of scholars supplies was entirely exhausted, thus making it necessary to have a rather large expenditure for one year.

Use has been made of standard tests in arithmetic and reading. Those in handwriting and spelling will be given soon. The purpose of this is to measure as scientifically as possible the achievement of the teachers and pupils.

Teachers have been advised where advice was thought necessary. When the teacher was getting results, with economy of time, and the welfare of the pupils did not suffer, no action has been taken.

The building at Chesterfield is in more urgent need of some arrangement for better lighting than the others. I recommend that some appropriation be made for that purpose at the coming school meeting.

No general increase in salaries is recommended. At the same time no retrenchment should be considered or hoped for. Good teachers are not yet plentiful. No decline that is seen or felt to be on the way can be reckoned in making a budget for next year. The items of fuel and transportation will vary with other conditions but will be probably lower.

I must compliment my predecessor on the teaching force he had selected and on his work in the schools.

Allow me to thank the people, teachers, pupils and School Board of Chesterfield for making this year a pleasant one in my new line of work. I hope for continued and extended pleasant relations.

Respectfully submitted,

WILLIAM J. ENGLISH,
Superintendent.

SCHOOL BOARD REPORT

Owing to the new system of bookkeeping required by the State Board of Education in all state-aided districts, your board is enabled to present to you a report which has two advantages over the report formerly made by the treasurer:

First, the payments made to each individual under a particular head are totalled, and

Secondly, the various amounts expended under each heading are totalled. Thus you are enabled to see at a glance how much money was paid out for teachers, and the sum each individual teacher received for the year.

Attention is called to the fact that the fiscal year of the district begins September 1 and ends the following August 31. Hence the report submitted at this time is the report for the fiscal year 1919-1920. A condensed temporary report is presented to cover the ground from September 1, 1920 to January 31, 1921.

Although the board practically doubled the amount asked for high school tuitions for the current year over the amount raised in 1919-1920, the attendance at high schools this year is so large that it will be necessary to ask the district to make a deficiency appropriation to furnish the funds needed to fully discharge our obligations under this item.
